a COM 460 Short Film

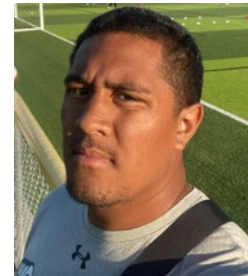

I'm Benjamin Brooks, a senior at the University of Mary, specializing in strategic communications with a minor in marketing. One of my passions is the art of filmmaking, particularly in film production. I'm thrilled to collaborate with an exceptional team on this exciting short film project!

I have had a love of film since I was young, making little movies using my mom's iPad and iMovie. I have been acting for the past 12 years and have been directing for the past 6 years. I have been working at St. Frances Cabrini Parish in Littleton Colorado for 4 years. I worked as an independent contractor for the Augustine Institute editing and helping to produce their content. I am very excited to be attached to Reset and am more excited to work alongside such talented people.

Hey guys! I'm Luke Tuala and I'm from Victorville, CA! I'm 22 and my major is in Communications: Media Production. I'll be graduating this summer in 2024 and will be pursuing a career in Filmmaking, specifically in Cinematography/Camera Operations. I've always loved movies and feel like the representation for Polynesians in media is low. I hope to grow and become successful enough to be a great role model for other Polynesians interested in film!

Autumn is originally from Moorhead, Minnesota and is currently a communications and media production major at the University of Mary, pursuing a career in film and television. She is on the production team at KX News in Bismarck and is the program director at the Mandan Just For Kix dance studio

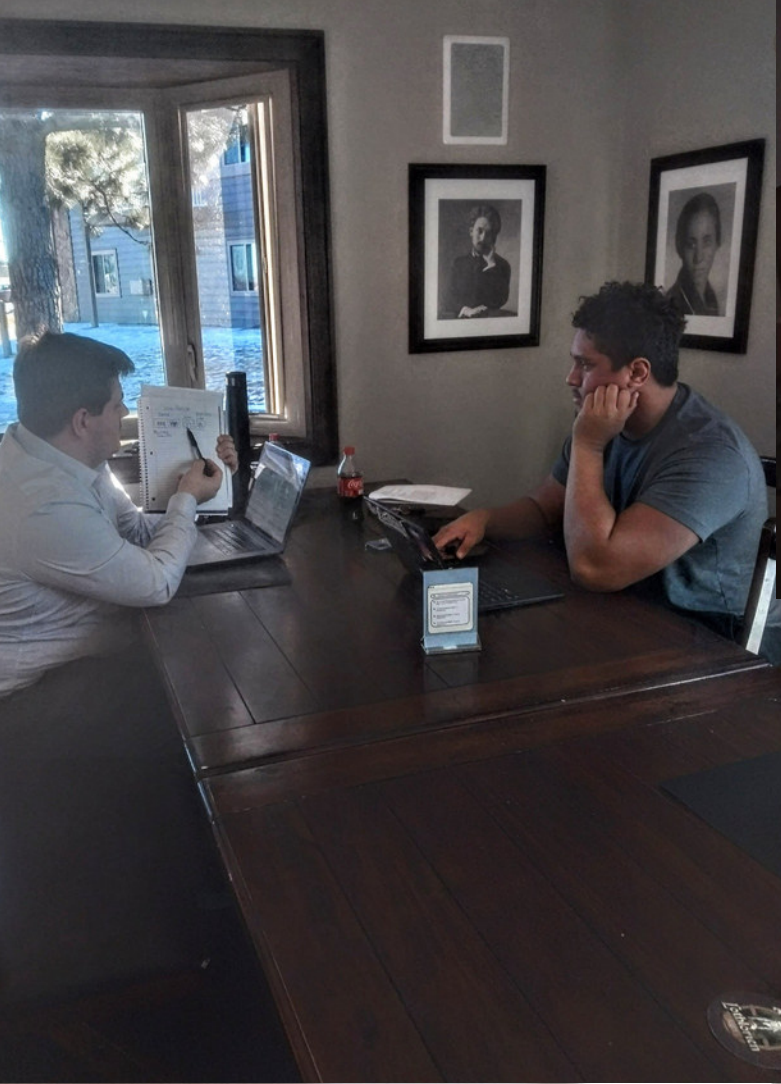

Jason Neumann, a 22-year-old Media Production major from Minnesota, has loved movies/filmmaking for as long as he can remember. His first "movie" was a lightsaber duel between him and his cousin, and he has grown a lot in his knowledge of filmmaking since then. Someday, he hopes to work for a media production company and/or have one of his own. He is very passionate about "Reset" and excited to work with
